“ *This one shook me. I had not seen Nicole since we all went virtual in 2020. I finally saw her in person for the first time in 4 years on Oct 29th and we both joked that we didn't know each other still worked for the college. And then I hear of her passing 2 days later. It messed me all the way up. She always had a joyous spirit and was always bringing fun to work. I can still hear her laugh as I type this. Rest well Nicole and God bless your family.*

“ *I remember Nicole from when she was a student. She would come into West Campus advising center where Bridges office was. Her laughter filled to place. I remember laughing with her during our UCF training, she would always be eating those Flammin hot Cheetos and then would chase it down with Twizzlers or gummies! That was Nicole. Always in our hearts, my prayers are with her family and sending my deepest condolences.*

“ Nicole and I almost shared a birthday one day apart. She would say we are truly Leo's cause we shared so many of the traits, we were crazy Leo's . She brighten the day with her beautiful smile and was the light of the UCF office. Nicole always was planning something for us whether she arranged a get together or potluck at the office. She enjoyed life and wanted to share that with others. I still can't believe that you're not here with us and will miss you dearly. Sending my deepest condolences and prayers for the family.

“ I was shocked and saddened to hear the news about Nicole's passing. We didn't work directly together but were on the same business teams at Valencia College and any get-together was like reconnecting with an old friend to laugh and commiserate with. She was an amazing person, funny and full of life, an incredible contributor and advisor at the college and will be missed. My heartfelt condolences to her family and loved ones during this difficult time.

“ Nicole, we are still in disbelief. My heart goes out to your family, I'm so sorry. We just spoke at work recently and we would always laugh about "ohh you know these students don't read"...you are going to leave a huge whole in the department, and you will be greatly missed, you're irreplaceable. I remember when you trained me in 2018 in enrollment and you gave me the hardest scenario with the nursing program and stressed me out! haha but you made me great. <3

“ Nicole and I went to GHS together she was always the nicest, most generous, supportive and uplifting person I have met still to this day I don’t think I have encountered anyone such as her. She always drove to school. it’s weird I haven’t seen her since high school but when I saw the memorial message on my snap I cried. There are certain people you just can’t forget in life and she was truly a good friend I still have pictures in my senior I believe of her. My condolences to her Husband and family

“ To Colin, Elijah and the entire family and loved ones for Nicole, my deepest, and sincere condolences to you all.

My first memory of Nicole was at work, she was as fabulous with her nails, braids and boy those shoes. Nicole was a ball of energy, beautiful smile, smart, witty, resourceful and certainly a light in the room. I can't believe I am writing this note about you baby girl. I texted you on Tuesday, spoke to you on Wednesday, and Thursday you passed away, how could this be? My heart is broken. As I look over my last text to you, the foot note says, no worries there's always next time. Now our next time will be in eternity. Our talks about shoes, Jamaican culture and how to navigate the language and learning the different foods are now memories. Your delicious banana bread that was a whole conversational piece on campus, causing a frenzy to secure one's slice, now we hold as a memory. Thank you for being you Nicole, love always.

*Goodbye my friend, may your soul rest in bliss and eternal peace.
