# Tribute Wall

DM

“*Bernice and I worked together as Correctional Officers at the Alachua County Jail many years ago. We became good friends and she would always attend my sons birthday celebrations. During those long work shifts we had many conversations. That friendship and talks are still remembered by me fondly with a smile. Her smile was infectious and brightened all of our days. She was always so positive about life. Her faith was strong and you could only enjoy the day with her around. During a period of my difficulties she was there to offer her very sound advice that I highly respected and valued. That was Bernice always there for her friends. I remember it like it was yesterday. Her faith always shined brightly. She will be missed.*”
