“ There was so many good times with Dennis and Keith we used to go to the river a lot and gig at night, but we get there early and they used to have baskets tied on one side of logs in the river and what that was for the turtles climb up on them logs and you run the boat over to them and they might be about 15 to 20 turtles and some of them would fall off into the baskets and go over there and get them. We already drunk a few beers. Keith was driving the little wooden boat on with a 15 horse Johnson. He went flying up to a log on the bank, there in a small hanging limbs while you run Dennis was on the front of the boat into big big old wasp nest they were tearing down us up. He was running to the back of the boat and I was trying to push you back up there. He said they're like bulldogs. They won't let go key for a drunk he butt fell out the boat, laughing so hard and wall tore us up those million of them stories. I wish I could remember all of them and I'd never be able to tell them as good as Dennis could he will be missed till we meet again old friend.

“ Me and Keith Fletcher at homeroom at me bane middle school I mett Dennis. We were best friends all through life. There’s so many stories we used to go gigging on the river at night. Me and Keith Dennis are old ladies. We drank a few beers all night. Dennis wore overalls. Well we stopped and build a fire drink a few beers. Dennis had to use the bathroom so he goes off in the dark in the woods. He comes back to the fire sits down. We start smelling something what the heck is overalls and fell in his poop, and it was awful. It wasn’t funny to him at the time, but we thought it was us, but we had so many things like that happened to all of us he will be missed not many left, started out in the school and working in the fields cropping tobacco pick a bell pepper and watermelons. It was hard even submarines together me and him wish we could do it again.
