“ *As a brother, he was a take charge person. A person who would help you in any way that he could. Although he would do his best by you, that did not negate the fact that he would lie and string you along until he was cornered. I miss him dearly, I know that "God is too wise to make a mistake and too just to do wrong". I say to all that had a hand in executing this plot/plan to end my brother's life, your fate is not far behind. We are a God fearing family don't need no roots, voo-do or spells to reach the higher power. Remember God Is!*
