“ To Darren Robinson Sr. My classmate and family I would like to extend my condolences. Baby D was like a son to me. The last time that I saw him he told me about his new job with the Dept of transportation and told him how proud I was of him and to stay focused and keep God first. He said yes maam. I remember a couple of months ago he called me and asked me could I cook him some food, I told him that I didn't have time at the moment but the next time me and my daughter cook I will call him. I called him about a month ago to check on him and got no answer. I asked my son and daughter had they seen him around and they said not recently. Then almost 2 weeks ago I was notified by my daughter that he was no longer with us. My heart was deeply saddened. You will be missed young man. Rest in paradise young man. God bless you and your family.

“ Q: *What was one of your favorite qualities of Mr. Steven?*

A: He was so loving and respectful. He would try anything once. I had a rat problem, he told me "Ma I am gonna go in the attic and place these rat traps. He got all dressed in his water boots, mask, goggles and hat like the man on Arachnophobia and went to he attic came down all sweaty and of course hungry, if you knew Baby he could eat. So I had to fix him a good dinner. He made that his project and stuck to it until they were gone. I will always remember his determination. He was such a good hearted guy. I will always love him like a son. I was proud when he claimed me as his Godmother. REST PEACEFULLY. Thank you Tina for sharing him with me.

“ Our deepest condolence in the passing of your son, what moves through me at this moment, is silence and a quit sadness. we may never understand why he left this earth so soon, however we know GOD has and always will have the last say so, and why he (Baby D) left before you and others family members were not ready to say good-bye to him in time all will have some kinda closure. I say to the family members, be strong cause God will supply your every need. Keeping in mind those we love don't go away, they walk beside us every day, unseen, unheard, but always near, still loved, still missed and very dear to our hearts. We will keep you and the family in our prayers always. Uncle Karl Blake & Family.

“ I always told you that you were one of a kind in whatever capacity you held in a person's life.. friend, brother or whatever the case may be. While you were working, you sent me this picture which further proved it. Only you would find an alligator and take it home as a pet. May we all learn from the love and light you showed to all of those around you. Your smile, laugh and carefree energy was contagious as you lived a God-fearing life. It was nothing but good vibes with you and around you. May God comfort your family which you expressed unconditional love for during this time. As we always say when leaving each other, "Later gator"! Until we meet again,
