“ *Oh mommy. I miss you sooo very much. I just am saddened by the way your life ended. You fought so hard. All you wanted was to be here to watch your grandkids grow up , but I know you're at peace and we your babies have a forever. Thank you for all you did for me and my babies. I'll always tell them how much you loved them. Even through your sickness you still said and showed how much you loved them. Mommy I love you. Forever and always. Until we meet again. “ Tina Marie, (my little LuLu)

I love you so much and we miss you terribly. We are completely devastated by your passing. You left way before your time like daddy did. You were always there for me. My heart is completely broken for how much you suffered like daddy. But we all know that daddy, Grandma Clara and our other family and friends were there to greet you in heaven. I know that your are in your perfect body now and are no longer in pain and suffering. I know that it is beautiful there in heaven. I will always cherish the times and memories I have of our childhood and growing up with you and happy times. Until we meet again I will keep your memory alive!

Sister is our first friend and second mother.” —Sunny Gupta. “A sister is a little bit of childhood that can never be lost.” —Marion C. Garretty. “A sister is a gift to the heart, a friend to the spirit, a golden thread to the meaning of life.” —Isadora James

“ Tina has a heart of Gold. Friends since middle school. We both have been through a lot in life. Life happened and we drifted apart. Talked from time to time over the years. Meet her beautiful children that adored her.

Remember we talked when she found out she was having her first grandbaby she was glowing. My heart goes out to your family. You will be missed on earth but forever in our hearts. I'm glad your at peace now watching over us as the Angel you are.
